Candidate for the Penitentiary.

John Jarvey, the young man up before Justice Clements last week on a charge of committing burglary in the residence of H. C. Perkins, and who is now in the county jail awaiting his trial in the circuit court, is quite certain to be given a long stay at Salem by Judge Hanna. Before Jarvey came to Grants Pass last week he was at Merlin where he did enough to give him two or three more years in the penitentiary. W. A. Williams of that place wrote to Justice Clements that the fellow forged an order on a farmer and got quite a sum of money and he also borrowed \$4.55 of Mr. Williams representing that he was cutting wood near town.

J. T. TAYLOR, Treasurer of Josephine County, Ore. April 6, 1906.

Fined for Disturbing a School.

The quiet village of Leland was the scene Monday of an assault and battery on the school teacher. During the day the teacher, Miss Jessie Scovill, had occasion to punish a son of Mrs. Emanda Shively. So soon as school closed, the irate mother of the alleged perfect boy made her appearance and proceeded to slap the face and pull the hair of the teacher. Tuesday forenoon Mr. Latterell came to Grants Pass and swore out a warrant before Justice Clements for the arrest of Mrs. Shively who was brought in that afternoon. She at first vowed she would not plead guilty but on the advice of the justice she took the better way and plead guilty, when she was let off with a \$10 fine, which she paid. As she is a poor widow she was not taxed with the costs, which the county will pay. She promised to behave herself and to let the teacher run the school as she thought best.

Men Past Sixty in Danger.

More than half of mankind over 60 years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for 20 years, although I am now 61 years old." For sale by H. A. Rotermund.

A Brief Record of Local Events.

It is quite probable that Josephine county will vote on the prohibition question at the June election, as petitions are now being circulated in the various precincts to that effect. If the number of voters are secured, as required by law, then the county clerk will put the question on the ballot and then it will be voted as to whether the county shall have saloons or not.

L. B. Akers, an Applegate farmer was in Grants Pass Wednesday. Mr. Akers bought the farm on which he lives a year ago and he and his wife are making of it a comfortable home and getting it in shape to bring them a good income. His farm is on Bull creek and he is the last settler up that valley. Coyotes and cougars are numerous in the hills back of his place, he states, the coyotes being in such numbers that they kill his poultry and pigs and make it impossible to keep goats, for which there is a fine range on the hills about his farm. He intends to begin a war of extermination on these hold marauders and will put out poison for them.

City Recorder C. H. Clements has had a good run of business in the criminal line this week. Tuesday he had four assault and battery cases which terminated in his imposing a fine of \$15 each on Bob Colvin, A. J. Kennedy and George Merry, which they paid. W. T. Patton on his promise to take the jag cure and that he had paid a \$35 fine three weeks ago was let off under a suspended sentence. Three other pugilistic inclined fellows, not having the ready cash, have joined Street Commissioner Gilfillan's street improvement club for a few days work in making the streets of Grants Pass more tidy in appearance. The rule now in Recorder Clements court is for the drunk to pay his fine, take medicine or work on the streets.

Hoyt for Treasurer.

Ralph W. Hoyt, candidate for state treasurer upon the republican ticket, enjoys an excellent reputation throughout the state as a consistent worker for the interests of the party. He possesses special qualifications as custodian of large sums of money and if he should be chosen for the post is sure to administer the affairs of the state treasurer's office with safety and fidelity to the interests of the state at large. Mr. Hoyt believes most emphatically in allowing all the country banks to have a share in the handling of the tax money collected in the different counties. His selection as standard bearer for treasurership would, in the general estimation of the leaders, be good politics and reflect credit upon the rank and file of the party. He is in no sense devoted to special interests and his high standing in the business community precludes him as an absolutely clean man, being actuated by a proper sense of his citizenship and duty to the state in laying claim for this honor.

HAYMOND—At the family home at Rock Point on Thursday, March 29, Benjamin Haymond, aged 77 years, 10 months and 3 days.

The funeral took place Sunday at Rock Point and was largely attended by neighbors and pioneer friends of the deceased. Mr. Haymond was a native of West Virginia, crossed the plains to Oregon in 1852 and in 1856 came to Rogue River Valley and settled at Rock Point, where he has since resided. In early days he kept the stage station and he had been postmaster at Rock Point for nearly 40 years at the time of his death. He opened a store at Rock Point soon after settling there for the 50 years since he successfully engaged in the mercantile business. He was also interested in many other important financial ventures and he left a large estate. He left a wife and four children. Mr. Haymond was an honorable, public spirited man, true to his friends and just in his dealings and his death is sincerely mourned by a very large number of friends.
